CUT LAYER PURPLE

Cut B:
CLEAR Acrylic
5mm

600mm

600mm

https://github.com/lizardbeans/sdvx-diy
Use layer "cut" for the laser cut machine, that layer have only polylines
I draw 2 copies of the same acrylic object but only 1 is needed.

Changelog:
05-15-17 Fixed the knobs position (5mm up)
